Work-Based Learning: Virtual Possibilities August 13, 2020

The Reality of Virtual Education:

“Education is constantly evolving. Online education courses and programs continue to disrupt the traditional model, but virtual reality (VR), when done right, can provide the best of both real-life and online learning.” 360labs

**“Education is going to be a powerful example of the potential of VR.”
Mark Zuckerberg CEO Facebook**

3 Key Advantages VR Offers Education:

- **VR Improves Recall**
- **VR Brings Equity In Education**
- **VR Is Distraction Free**

Examples of uses in Education with Virtual Reality:
