TRANSEO TRANSFORM YOUR FUTURE

Transeo is a suite of student-readiness tools that streamlines the entire student journey, from Work-Based Learning initiatives and tracking graduation requirements to supporting career pathways and Perkins V reporting. Our custom, configurable software not only generates the data that educators need, but creates visual, actionable reporting. Transeo takes the manual, heavy-lifting off educators with automated, digital processes so they can spend more time focusing on what matters most: students.

Please visit <https://gotranseo.com/> to learn more about how we can help you scale your WBL program!

Quarterly News Update

Welcome to the Work-Based Learning DIVISION!

WE DID IT! After years of working hard to provide valuable resources and opportunities for our members, Work-Based Learning is now an official division of ACTE! This will be a year of celebration!

The WBL Division Policy Committee is already off to a great start planning a year filled with resources and ideas you can implement right away as you serve students and your communities including:

- WBL Monthly Webinars – register for the August webinar [here](#)
- WBL Division Zoom calls w/ opportunity to share resources and ask questions related to hot topics in WBL
- WBL Division newsletter – will include best practices/resources, program spotlight and business partner spotlight

If you have resources to share or want to highlight programs or business partners in your area, email me at janj@provo.edu.

This quote by Steve Jobs sums up a lot of the work you do: "The only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it."

ACTE WBL Division needs YOU!

- Join a committee
- Submit a proposal
- Nominate for an award
- Share your stories
