

ACTE has designed special Zoom meeting virtual backgrounds for each ACTE division and region. Click the image to download yours today!

Fellow CTE educators,

We have made it to 2021 — I am not sure there has been a more anticipated year. Upon entering 2021, most educators are looking forward to changes and new challenges in the new year. As we have been living through the past 10 months of every changing chaos in our profession, I

challenge each of you to find a focus and goal to grow as an educator to meet the needs of our students in 2021.

ACTE is a great partner in finding this focus and meeting this goal. We have many professional learning opportunities coming up this spring that not only provide educators an opportunity to grow but also an opportunity to connect. As with any goal set, having a support network to help you stay focused is key to the success of reaching the goal.

ACTE Region IV Virtual Conference

National Policy Seminar

ACTE Work Based Learning Conference

Each of these events provides a unique focus that ALL CTE educators are a part of. Connecting with colleagues while working for the benefits of our students is key. 2021 will present many challenges but will also present many opportunities for educators to impact our future generations.

Thank you for your time and commitment to our students each and every day.
