## A. Strategic Plan

Provide an update as to the progress /implementation of the Strategic Plan.

- Actions you have taken
- Successes you have had
- Support you still need

We recently held our Region II Policy meeting on Sunday, March 19<sup>th</sup> at the National Policy Seminar in Washington, D.C. That meeting continued discussion on meeting the goals outlined in our Strategic Plan and final approval of our FY24 budget. We have a small group of committee members who are currently reviewing our Region II bylaws to ensure alignment to ACTE's national bylaws. They will bring forth recommendations for any changes at our next Policy Committee Meeting in October at our Region II Conference. We are now in the process of working with the state of Alabama to plan the 2023 Region II Conference. As some new issues have arisen, we will possibly need the assistance of ACTE to work through the planning process.

List the strategies that have been completed.

The Region II Social Committee Meeting committed to holding two IAED webinars this year. The first one was held in March and the second one will be held on June 12<sup>th</sup>. Thanks to the help of ACTE, these webinars have been well promoted and speakers have been compensated for their time and effort. Part of our Strategic Plan includes supporting members in engaging in ACTE conferences. Our budget includes a free registration for the Region II state with the highest increase in NPS attendance to receive a free registration the following year. This year North Carolina was able to send an additional policy committee member to NPS in March 2023.

## B. Contributions to Region and Division Members

Please remember the importance of engagement of members during this time and let ACTE know how we can help engaging your members with you! Please also let us know how you have engaged ACTE members within the past 4 months. Indicate if the work falls under any of the Strategic Plan.

ACTE is working to communicate and disseminate innovation at the forefront of all Regions and Divisions as an effort to support other CTE professionals around the nation. We anticipate highlighting the innovations in ACTE's publications, blogs, and webinars and other similar activities. Please highlight any recent innovative ideas within your Region or Division.

### C. Succession Planning

Do you have any information you wish you had been provided during your new Board Orientation (what you know now that you wish you had known then)? Do you have any suggestions on future Vice Presidents for your Region or Division? Or any suggestions on future ACTE President-Elect candidates?

<p>I feel like expectations for conferences is always important information to share with new Vice Presidents, however, I think it needs to be timely as to when it is given. There is a lot going on at VISION Conference and sometimes scheduling region things around other activities is difficult and puts a strain on the VP to be in multiple places at once. I feel like the earlier we know the schedule and exactly what we are required to attend, it makes it much easier to plan. This was kind of similar with NPS this year as there were more events than the year before since so much more was open on Capitol Hill.</p>
