

CTAE in Georgia

31% of Georgia jobs will require education beyond high school but less than a bachelor's degree by 2031. Career, technical and agricultural education (CTAE) programs prepare students for these jobs in key Georgia industries such as:

- arts
- agribusiness
- energy
- logistics and supply chain

Across Georgia, 27,594 students and more than 13,000 employers participated in work-based learning in 2022-23.

Many students are already enrolled in CTAE in Georgia, developing technical, academic and employability skills and engaging in work-based experiences with industry partners. During the 2022-23 school year, Georgia had:

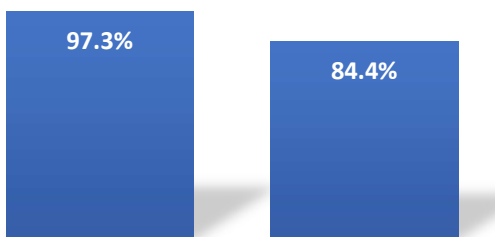

703,476

secondary CTAE participants

83,178

postsecondary CTAE participants

These youth and adult learners in CTAE programs are more engaged, graduate high school at higher rates, earn industry-recognized credentials, and have rewarding and family-sustaining careers.

CTAE Concentrators All Students
Four-year cohort graduation rate in Georgia (2022-23)

53,921

sub-baccalaureate credentials in CTAE fields awarded to Georgia students (2022-23)

Federal FY 24 Perkins CTAE Allocation for Georgia

\$51,645,168

More investment is needed to scale CTAE programs across Georgia to ensure that all learners have access to high-quality CTAE programs in high-skill, high-wage and in-demand career fields.

CTAE: Good for Students, Good for Business, Good for Communities
