

CTE in Indiana

33% of Indiana jobs will require education beyond high school but less than a bachelor's degree by 2031. Career and technical education (CTE) programs prepare students for these jobs in key Indiana industries such as:

- advanced manufacturing
- building and construction
- health and life sciences
- transportation and logistics

7,850 Indiana high school CTE concentrators graduated in 2023 with at least 75 hours of work-based learning experience.

Many students are already enrolled in CTE in Indiana, developing technical, academic and employability skills and engaging in work-based experiences with industry partners. During the 2022-23 school year, Indiana had:

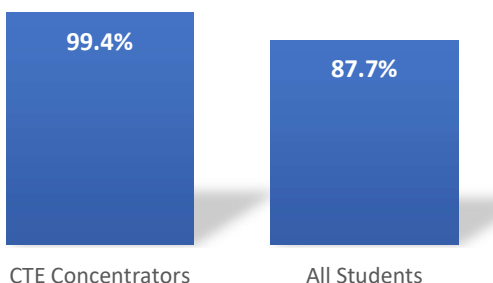

82,035

secondary CTE participants

63,343

postsecondary CTE participants

These youth and adult learners in CTE programs are more engaged, graduate high school at higher rates, earn industry-recognized credentials, and have rewarding and family-sustaining careers.

Four-year cohort graduation rate in Indiana (2021-22)

39,030

sub-baccalaureate credentials in CTE fields awarded to Indiana students (2022-23)

More investment is needed to scale CTE programs across Indiana to ensure that all learners have access to high-quality CTE programs in high-skill, high-wage and in-demand career fields.

FY 24 Federal Perkins CTE Funding for Indiana
\$32,438,160

CTE: Good for Students, Good for Business, Good for Communities
